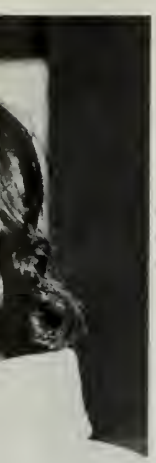
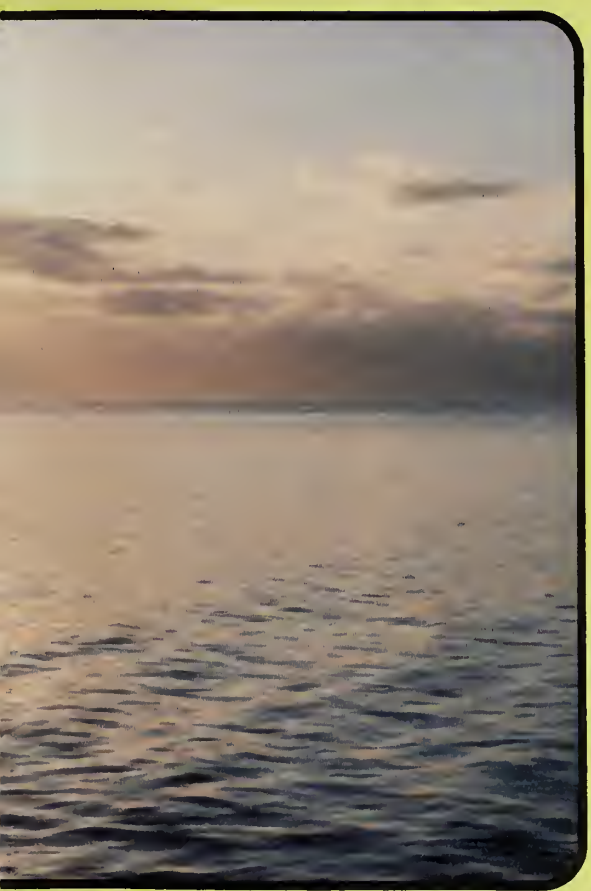
Student Life

What is the Old Year? 'Tis a book
On which we backward sadly look,
Not willing quite to see it close,

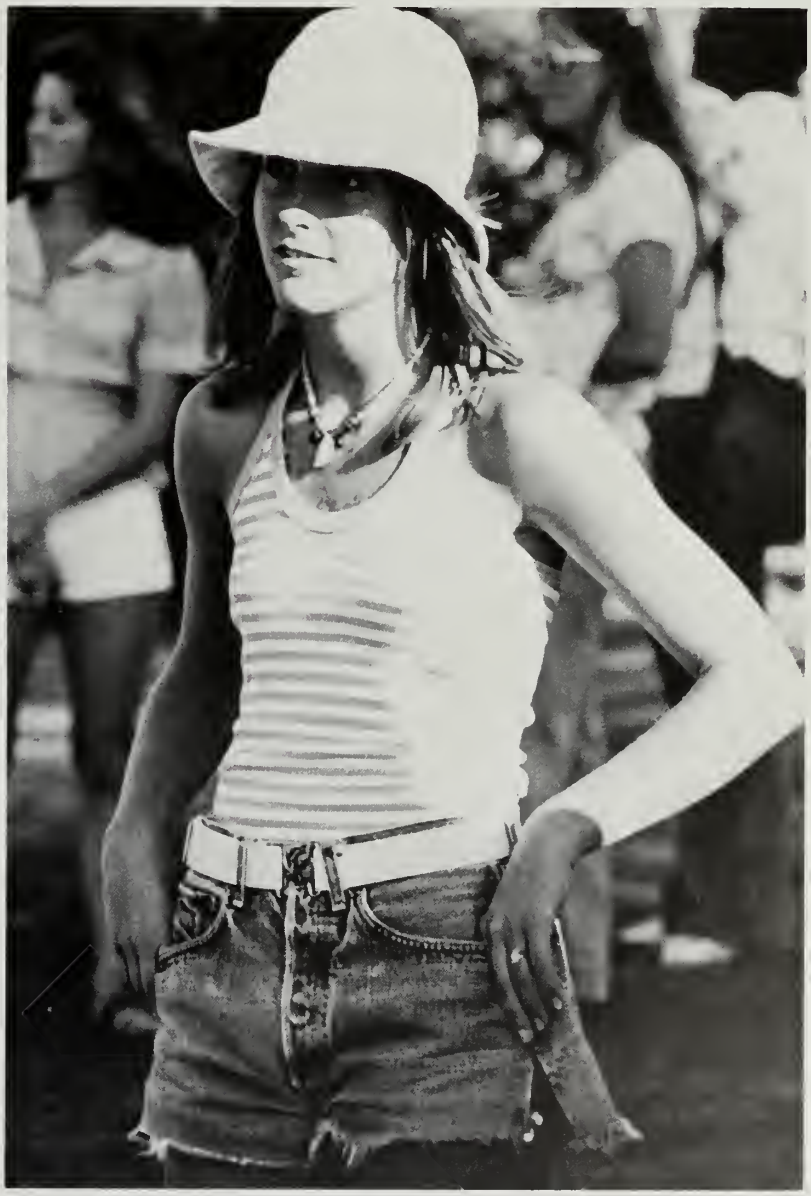


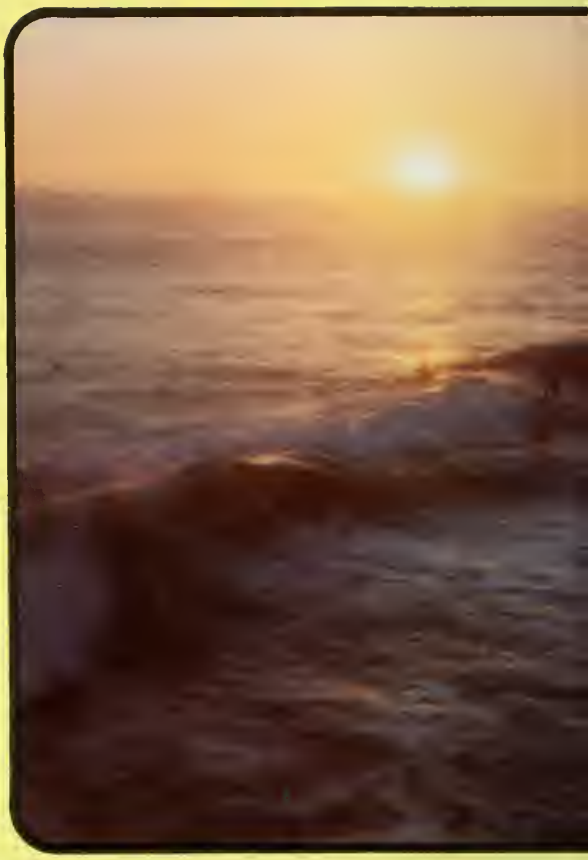
For leaves of violet and gold
Within its heart are thickly strewn,
Marking love's dawn and golden noon;



OMEL

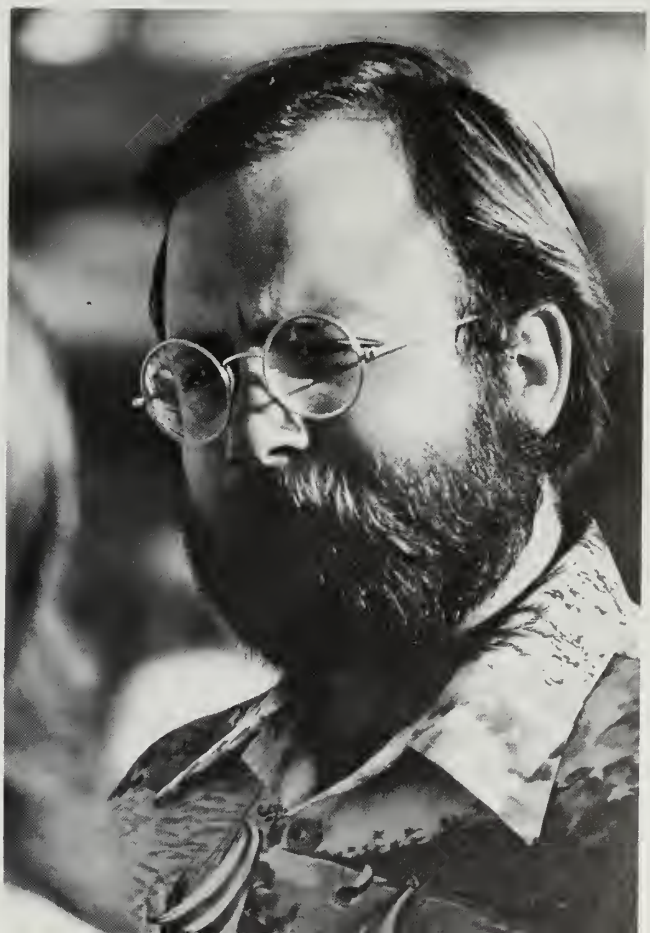
And turned-down pages, noting days
Dimly recalled through Memory's haze;
And tear-stained pages, too, that tell





Of starless nights and mournful knell
Of bells tolling through trouble's air
The De Profundis of despair—

The laugh, the tear, the shine, the shade,
All 'twixt the covers gently laid;



No uncut leaves; no page unscanned;
Close it and lay it in God's hand.

I hope that this has been a year of challenge, opportunity, growth and fulfillment . . . not a postponement of life but rather an adventure of living and learning.

You who are graduating will be taking a part of this place with you. You will also be leaving something of yourself with us that will continue to shape this college for years to come. Our relationship doesn't stop with graduation. You have completed the second step of your lifelong learning adventure. We hope to be of aid as that adventure unfolds. We need your continuing prayers and ideas as we discover new ways to serve through our ministry of teaching. God bless you!

Religious Activities

California Lutheran College offers many religious activities other than the traditional Sunday morning Church services.

Chapel-Chapel is a miniature worship service lasting approximately 40 minutes with sermons given by students, faculty and administrators. It offers a traditional service as well as variations such as musical presentations.

Celebration of the Arts-This program started with sermons which reflected on the progression of our country. The presentations are given by students. Some of the sermons went as far back as the landing of the Pilgrims.

Koinonia Groups-These groups exist for fellowship and for reaching out into new experiences with variations in life we may not be used to.

Christian Conversations-Here speakers reflect upon a certain topic chosen for the current semester and relate their own personal experiences to that topic. The audience is encouraged to take part in discussions afterwards.
